

TWP TS15PU

Semi-Automatic Ultrasonic Tube Sealer and Trimmer
Tube Sealing Machine for Short-Production Runs

Features:

- Seal All plastic and laminate tubes, ANY shape or size
- Production speeds of up to 15 tubes per minute
- Date / Lot Coding of all tubes already built-in
- Seals through product contamination
- Very low reject rate, less than 1%
- Ultrasonic sealing eliminates 'flash' and 'ears' versus hot-air sealing methods
- Rotary cutting knife to cleanly cut even the thickest tube materials
- Change-over time of less than 5 minutes
- Virtually NO CHANGE PARTS
- Line operators can setup and run machine, no mechanics required
- Training new operators is literally a 10-minute procedure, extremely simple
- Small footprint, table-top design
- Perfect for small production runs and lab use
- No warm-up time needed, plug in and it's ready to seal tubes right away
- No water requirement
- Single phase, 110v power (no 3-phase power required)
- Needs only a very small air compressor for air requirements

Specifications:

- Dimensions: 35.5" high, 20" wide, 25.5" long
- Weight: 175lbs (79 kg)
- Tube Length: 1" - 10"
- Tube Diameter: 10mm - 64mm
- Electrical: 110v, single-phase, 60 Hz
- Air Requirements: 0.7 - 0.8 Mpa
- Power: 1.6 KW
- Ultrasonic Frequency: 20 Khz
